

Mystery Hill

June 1956

Friends,

If you're reading this, things must be proceeding in capital fashion! Wonderful work.

But we need more tools... There may be digging to do later and we don't want to rely on only our hands.

Out of the gate,
Turn left, then left,
Into a field, then cheer.

Walk north-west,
And never rest,
Find a gate,
Before it's too late!
Down the path then,
And on to the den.
