

Mystery Hill

February 1956

Dear Friends,

I am writing this message for you in case I am captured before I manage to recover my treasures. Terrible thieves have been following me for the last week. I fear they are close to grabbing me!

I've left my map in the smuggler's hut, close by. Take the right-hand path and look out for the abandoned building in the dell.

If I don't manage to make it back there before I'm caught, please rescue the treasure and save it until I can meet up with you.

All the best on your hunt!

Algernon Cluff Waffle III Esq.
